and Bombay during the X'mas vacation, when I expect my Son to be free to go to the above mentioned places to make the choice. I shall feel supremely happy and free if the question of his marriage could be decided upon and arranged Sometime next year and I feel Sure His Highness too would feel the Same.

After spending two and a half months

of interesting and pleasant time in London, I have come here and have already spent about a fortnight. I should have gone to Vittel at the beginning of this week, but, as Mr. Subramaney Aiyer, Bangalore Swami and Mr. Paul Brunton arrived here about that time I am staying over this week to meet them and get the first hand information about my Son and other things. I have already met

4th August 37.

My dear Thumboo Chetty,

I am in receipt of Your letter of the 9th July enclosing ~~Jaipur letter~~ N.R.V. Ramaiah's letter & another sent by Thanumiah receiver from Benares. Both the offers seem to be well worth considering further and more deeply.

I am making enquiries from some of the people from Nepal, who are over here and shall write to you, when I get some information about these people. It seems worth our while to give my son as big a sphere of choice as possible. In making the enquiry about the Nepal girls, you may find out, whether it is possible to arrange a meeting with them in Calcutta, this winter, about Xmas time, when my son has Xmas holidays to go over there and see them. After which he

them once or twice and hope to take them over the Exhibition, which is just about now nearing completion. It is a beautiful show.

At the end of the week, I propose going to Uttel, where I mean to play plenty of golf & do a mild cure. In September I may go to Berlin, Vienna & Budapest and return here again at the end of September or beginning of October.

I hope you are well and carrying on your arduous duties as well as ever.

With best wishes to you and your family.

Yours Sincerely,
R. N. K. Vadiyar

could see the Jaipur girl somewhere on the way to Bombay, where about the beginning of January I hope to arrange a meeting once again with the Limbdi, Chota Udaipur, Jigni and Khasmanda girls, after which, he should be able to decide, which of these girls he is going to have, and if he likes any of them at all.

I do not know if I will be back for the Dusserah this

time, as I feel I have no face, to show at all, to the public especially to the autocratic Officialdom of Mysore state. However I feel I should not jeopardise the future happiness of my children during the lives important stage of their life, handicapped as they already are, and shall therefore probably get to Mysore about the beginning of November, a month or 6 weeks in advance to arrange the meeting of the various parties both in Calcutta
